

Emulacija računalnika ZX Spectrum z vpogledom v stanje sistema

Avtor: Klemen Remec

Mentor: izr. prof. dr. Jurij Mihelič

Fakulteta za računalništvo in informatiko,
Univerza v Ljubljani

Povzetek

- ZX Spectrum 48K: zgodovina, zgradba
- cilj dela
- razvoj in končna implementacija
- pregled in ovrednotenje končnih rezultatov

Razvoj

Moduli funkcionalnosti:

- Processor
- Memory
- ULAScreen , ULAKeyboard ,
ULATapeDeck , ULABeeper

The screenshot displays the 'subspectrum' emulator interface, which is divided into several panels:

- Registers:** This panel shows the state of the processor's registers.
 - Main register set:** A, B, D, H, S, Z, F5, H, F3, PV, N, C. Values: A=FA, B=C6, D=1F, H=59, S=0, Z=0, F5=1, H=1, F3=0, PV=0, N=1, C=0.
 - Alternate register set:** A', B', D', H', S, Z, F5, H, F3, PV, N, C. Values: A'=00, B'=10, D'=36, H'=27, S=0, Z=1, F5=0, H=0, F3=0, PV=1, N=0, C=0.
 - Special purpose registers:** I, R, IX, IY, SP, PC. Values: I=3F, R=5C, IX=0000, IY=84A1, SP=9CFC, PC=9302.
- Disassembly:** This panel shows the current instruction being executed: `DEC E` at address 9302. Other instructions are visible in the background, such as `JR NZ, +05h`, `LD E, (IY+02h)`, `XOR 18h`, `DJNZ -14h`, and `DEC C`.
- Memory:** This panel shows the current memory address and its contents. The address 9300 is highlighted, showing the value EE 18 1D 20 05 FD 5E 02 EE 18 10 EC 0D 20 E9 CD. Other memory locations are visible, such as 9310, 9320, 9330, 9340, 9350, 9360, 9370, 9380, 9390, and 93A0.
- Game Screen:** A small window titled 'subspectrum screen' shows a colorful game scene. The scene features a landscape with a sun, trees, a river, and a house. The text 'MANIC MINER' is displayed in a stylized font, along with 'STARRING MINER WILLY' and 'PRESS ENTER TO START'. A keyboard graphic is visible at the bottom of the screen.

DOBRDOŠLI V PRVI SLOVENSKI
PUSTOLOVŠČINI !!!

Cilj igre vam je znan.
Računalnik vas bo vodil po
znanih in neznanih krajih, vi pa
mu v preprosti slovenščini
svetujete, kaj naj dela.
Ne obupajte prehitro, tudi midva
potrebujeva nekaj ur, da reč
končava, in to ob zemljevidu
in scenariju.
Use, kar se zgodi, ima svoj namen.

Čim daljšo zabavo vam želite:

Turk Žiga in
Kmet Matevž

P.S. Najboljše čakajo nagrade!
